**The NANBF Washington State Natural Bodybuilding & Figure
Championships
AUGUST 7th, 2010**

Dear Business Owner;

We would like to give you the wonderful opportunity to be involved in what will be the most exciting and informative health and sporting event of 2010!!!! This natural bodybuilding competition will be an outstanding event, and we are expecting close to 90+ competitors, men and women ranging from teens to masters (over 50 years of age). The event will also include an all-day health fair with on-going seminars and demonstrations. We definitely expect to fill the 700+ seats within the beautiful Byrnes Performing Arts Center in Arlington Washington!

Please take a moment to read through our enclosed mission statement to get a sense of the NANBF, and our reasons for promoting this event. We have been advertising within the bodybuilding community for some time, and have gotten very positive feedback regarding our event. We are currently seeking sponsors to help in making this year's contest even more incredible. We have specifically chosen potential sponsors as those businesses in which we believe would be interesting for the fitness community. We will be providing an event program for all who attend this event, and would like to provide this forum as an advertising opportunity for sponsors. During the all-day health fair, sponsors may also set up booths to hand out information and/or samples of their product. Space upon the stage is also available to hang banners.

Thank you so much for this consideration and for supporting natural bodybuilding.

Kevin & Denise James, NANBF/IFPA Promotions
