

**On Stage Competition Color is now available for all
Competitors of the**

2007

**INBF Washington State Natural Bodybuilding &
Figure Championships.**

Roxana and John Kreklo are pleased to announce that they will be offering their services to provide and apply professional stage tanning color for all of their athletes. They are currently booking appointments for applications Friday, August 10th, and Saturday August 11th.

The color is applied by using the same Jantana Airbrush system that is used at the Emerald Cup, Arnold Classic, and Olympia. Using the patented "On Stage Competition Color", it yields perfect contest color. With Jantana Products, you can be sure as an athlete that you are getting top color treatment exactly like the pros get. Typically, the cost for an application is \$100.00 but for all competitors of the 2007 INBF Washington State Championships the cost is only **\$95.00**. Your application of this color is so beautiful for stage and will carry you right into the evening. You will also receive free touch ups and application of your Ultra Body Glaze the morning and evening of the show. Please contact them for more detailed instruction on how to prepare your skin prior to color application. Also, new in 2007 is the HI-Definition Make-Up (concealer-foundation combo)...perfectly matches your competition color!

You may contact them @ 512-828-1437 or Via E-mail at info@roxanakreklo.com to schedule your appointment.

Roxana as a Personal Trainer and Figure Competitor, know the importance of professional on stage color and application.
